LOOKS like Wayne Rooney is in the headlines again over his hair restoration op.

But the Man United striker can join in the joke this time as the bloody stubble trouble is being inflicted on a Wayne double.

The elaborate mock-up of Rooney's hair transplant is the work of [artist Alison Jackson](#).

Jackson is renowned for her spoof paparazzi-style photos of famous people, using lookalikes, including one of The Queen on the lavatory.

Rooney, 25, has admitted having the £12,000 procedure at a Harley Street clinic and released a photo.

During the eight-hour op hairs from the back of the head were planted like seeds at the front. Team-mate Rio Ferdinand told him: "You'll be doing Head & Shoulder adverts soon."

Next season there is no doubt who will be Old Trafford's mane man.
